Student

i feel as if we should have cleaner water in the water fountains. I feel like we should get a different drink instead of milk all the time, for breakfast and lunch. I feel like the bathrooms should be cleaner. I feel as if there should be more new, and better choices in the vending machines.

Parent

Some very good teachers but also some who do not seem to be the caliber I would expect from a top school in the state. Kids have few choices in early high school. Disappointing to be assigned a foreign language without choice.

Teacher

The suspension questions are not highly applicable to my school community. Most students are well-behaved.

The colored dots indicate the extent of the most positive feedback provided for each topic and subtopic (e.g. "strongly agree"). Black dots correspond to the lowest quartile (less positive feedback) and green dots the highest (more positive feedback). Dashes mean we did not ask a group about a given topic. Indicators can be used to easily identify a school's relative strengths and areas most in need of support.
