### What did people say on the survey? (Comments appear as written)

#### Student

We cant use our cell phone in lunch period but I think lunch period is for entertainment. Uniform policy should be cancel. We need air condition for the whole school or at least more fans. We should learn more about college essay and how to write checks in school.

#### Parent

DID NOT MEET REPORTING THRESHOLD

#### Teacher

I think a big problem in education in our district is student motivation. They seem to be torn between working at jobs outside of school and doing good quality work for their learning IN school. What wins out is the job that pays. I wish students could dedicate themselves wholly to doing well IN school and make that their first priority.
