I think that this district is falling apart and has been for many years. The needs of the students are not being met at all. The teachers are poorly supported and expected to be responsible for many aspects of student performance and success that is completely out of their control...

| Percentage Positive Responses | 0%-24.9% | 25%-49.9% | 50%-74.9% | 75%-100% | Not measured | Not enough responses to score |

The colored dots indicate the extent of the most positive feedback provided for each topic and subtopic (e.g. "strongly agree"). Black dots correspond to the lowest quartile (less positive feedback) and green dots the highest (more positive feedback). Dashes mean we did not ask a group about a given topic. Indicators can be used to easily identify a school's relative strengths and areas most in need of support.
