Student

We love our school, AS Jenks is by far the best public school in our neighborhood, we wish it went up to 8th grade!

Parent

The past 6 years have been really good. Loved all of her teachers. I'm not sure if the 5th graders were totally prepared for the curriculum that they received this year.

Teacher

The children do not have a playground. They are eager and want to learn. Somehow, school changes that.

The colored dots indicate the extent of the most positive feedback provided for each topic and subtopic (e.g. "strongly agree"). Black dots correspond to the lowest quartile (less positive feedback) and green dots the highest (more positive feedback). Dashes mean we did not ask a group about a given topic. Indicators can be used to easily identify a school's relative strengths and areas most in need of support.
