the school needs anthon police office

Parent

Some of the teachers are extremely wonderful and you can see the love they have for teaching, while others could use some training in compassion.

Teacher

Staff development should be more centered for what teachers actually need instead of what the "district" thinks teachers need. Also, more in-class teacher support should be offered in the upper grades (aides, assistance, etc.)

The colored dots indicate the extent of the most positive feedback provided for each topic and subtopic (e.g. "strongly agree"). Black dots correspond to the lowest quartile (less positive feedback) and green dots the highest (more positive feedback). Dashes mean we did not ask a group about a given topic. Indicators can be used to easily identify a school's relative strengths and areas most in need of support.
