Keep up the good work

Addressing students classroom behavior needs to be improve. Teachers with poor classroom management skills need help, workshops to manage their classes. The amount of profanity, abuse, from students towards classroom teacher needs to be change...

DID NOT MEET REPORTING THRESHOLD

Teacher

RTii is slow and and difficult to use. Teacher's should be required to document academic, attendance and behavioral data only once, instead of entering the same data in several different forms (written, online). I have found that RTii is frustrating and does not help me as a teacher.
