ITS A NCE SCHOOL ITS JUST THE STUDENTS

Parent

It might be a little easier if the teacher could send home a parents sheet on different homework assignments that we might not understand or dont know how to do ourselves because theres nothing like not knowing how to do algebra and cant help your child with theres school work.

Additional resources (books, workbooks, textbooks, technology, paper, supplies, etc.) could help ease some of the daily burdens this struggling system already faces.

The colored dots indicate the extent of the most positive feedback provided for each topic and subtopic (e.g. "strongly agree"). Black dots correspond to the lowest quartile (less positive feedback) and green dots the highest (more positive feedback). Dashes mean we did not ask a group about a given topic. Indicators can be used to easily identify a school's relative strengths and areas most in need of support.

DID NOT MEET REPORTING THRESHOLD

Teacher

i have lost about 50 prep periods. I have to be using personal time to complete RTii plans. The district needs to stop adding more work without additional pay.
