We need (MANY) more well-trained adults in our school to assist children. We especially need them in the lunchroom and schoolyard. Also- we need more classroom staff to provide one-one one attention during instruction. This is what would MOST HELP our school to nurture and teach our students.

Percentage Positive Responses	0%-24.9%	25%-49.9%	50%-74.9%	75%-100%	Not measured	Not enough responses to score

The colored dots indicate the extent of the most positive feedback provided for each topic and subtopic (e.g. "strongly agree"). Black dots correspond to the lowest quartile (less positive feedback) and green dots the highest (more positive feedback). Dashes mean we did not ask a group about a given topic. Indicators can be used to easily identify a school's relative strengths and areas most in need of support.
