Student

thanks for teaching us and taking good care and teaching me good respect

Parent

I feel that this school over all is pretty good. I find it hard to know where he stands in terms of his academic needs or not. He is doing well, but not sure if he should maybe be challenged more or not...

Teacher

I think entirely too much time is spent on preparing students for the PSSA. I think more students should receive out-of-school suspensions than who currently do.

The colored dots indicate the extent of the most positive feedback provided for each topic and subtopic (e.g. "strongly agree"). Black dots correspond to the lowest quartile (less positive feedback) and green dots the highest (more positive feedback). Dashes mean we did not ask a group about a given topic. Indicators can be used to easily identify a school's relative strengths and areas most in need of support.
