I would like to tell you that we are throwing away our leftover. People are starving in places and could really use that food. We should give the leftovers to the homeless center...

Parent

I would like my child's school to offer a foreign language class(s). I feel as if my child can be pushed more. In addition, there needs to be a MG (Mentally Gifted) program at my child's school.

A lot of our challenges come from a lack of resources and personnel. When those two challenges are present, they create a ripple effect where more and more responsibility is placed on fewer and fewer people. Overloading the workload on these key people not only make them less effective in communication, but also in their jobs overall...

The colored dots indicate the extent of the most positive feedback provided for each topic and subtopic (e.g. "strongly agree"). Black dots correspond to the lowest quartile (less positive feedback) and green dots the highest (more positive feedback). Dashes mean we did not ask a group about a given topic. Indicators can be used to easily identify a school's relative strengths and areas most in need of support.

This school needs to be freshly painted. The government has money that they could give us, but they keep it to themselves.
