Student

I think that the teachers here are very nice and helpful to the students. The students are very nice to me, and i have a lot of caring friends. I like the subjects a lot and the teachers make sure that you understand something before they move on. Also the new food here is pretty good.

Parent

We are pleased with our neighborhood school. Questions on daily homework we are here for our child. We usually don't need to help because subjects have been covered in class. The staff at our school, do a great job.

Teacher

One of the major issues this year was the fact that the three 7th grade sections this year were all oversized at between 35 and 36 students for most of the year.
